Dear John,

(9/13/82)

I thought I would write and share with you some of my experience with Kwan Yin for truly she is a most wonderful being, and if she is to be involved with the group energy I thought you might like to know something about her, at least from my own experience.

It was at the age of 5 when I became aware of her presence in my ~~self~~ life. I didn't know her name, but I knew she was someone special by the beauty and her light she was the one who first instructed me how to pray and I use to sit

1

outside with her in the evenings
till I was around 12 talking and
praying - which later I realized to
be the beginning steps of meditation.
I never did ask her name for I
felt she was Mary - the Mother of
Jesus, and it was left at that
for some time. Of course when I
was 5 all I knew was that
she was beautiful and because
I didn't have any other name for
her I ~~to~~ called her Lady, and
also Dearest. It wasn't until I
was around 9 or 10 that I first
went to a Catholic Church with
a friend of mine and saw

a statue of Mary. That is when I felt it could be Mary who was coming to me, but I didn't want to ask her, for what reason I don't know, I guess it didn't seem really important. I do remember talking to Gibbie later and asking him if Mary and him talked very much, for at this time I wasn't really aware yet that not everyone had these experiences. I remember as we were walking home and him looking at me like I was crazy when I asked him that. He said that yes he talked or prayed to Mary but never

Talked with her before in the
sense that she talked back. He
asked me if I had and I tried
to explain to him about the woman.
He really didn't know what to think
of me and told me I should go talk
to a priest. I thought about
it but decided not to go if Gible
looked at me like he did how would
a priest I didn't know react.

So about a month later I went
up to the church by myself one
afternoon and went in to talk
with Lady and see what she
thought. Somehow I felt I
needed to be at the church to

talk to her about this. I remember
I was very nervous because I wasn't
sure if I was suppose to be there
since I wasn't Catholic. I went
in and sat down and began to
pray to Lady and asking for her
understanding on what was happening
and what I should do if anything.
Suddenly I heard a voice echo through
out the church and I opened ~~my~~
my eyes to see before of most
beautiful Lady in Blue standing
before me. She began talking
to me and said she was Mary
and explained to me that I needn't

talk to a priest or anyone else
about my visit with Lady
or herself or anyone else I might
eventually meet in this manner.
She then shared with me something
both personal as well as some world
events yet to come. In closing
she told me, in time all of this
would make sense and I would
understand the reason for my
life at this time, to just be
patient and allow God to guide
me.

As I left the Church I was filled
with such joy and love for
what had just transpired until

suddenly it dawned on me, my Lady and Mary were not the same individuals, and then I began to wonder about who Lady was. Remembering Mary's words, I decided to just accept for the time being what was happening was meant to be and not worry about who was who.

From that time, my evening meditation & pray time were visited by either Mary or Kieran Yin and each of them gave me certain instruction on inner life.

Mary taught me the rosary but a somewhat different form

than the church uses), and instructed me in its proper use & purpose. I did not even know what a rosary was or looked like til sometime later, as far as what the church used. I made mine out of a cord tying knots for beads to count with. I must say I was amazed later when I saw a rosary and learned what it was used for and how it came into being.

It was Kieran Yin who instructed me concerning matters with the Astral + Mental Planes and

who gave me warnings of Danger
in my life. Though actually
Mung + Kuan Yin have saved
my life more than once.

When I was about 14 I
began receiving books about great
artists of the past and present
and when I received the one on
Leonardo da Vinci I was thrilled.
Especially when I opened it to
one page of a drawing of a woman
Leonardo saw pointing into the
distance and he said it was a
lady in spirit who guided him

through his life and was now
telling him it was soon time
to leave. This ~~thilled~~ chilled
me beyond words for he before
me was a drawing of Dearest
and I was overjoyed. I now
have it framed and on my wall
at home and whenever I feel
somewhat strained or distant
from my purpose and sit and
look at the picture and she comes
and talks with me.

It wasn't til I was 19 that I
learned Dearest name. I was

sitting in Meditation one evening
and I heard her call out
- Kuan Yin - very clearly
and so I assumed maybe this
was her name, but still it
did not mean anything to me.

About 3 mos. later I was at a
meeting and a friend of mine
was flipping through a new book
she had gotten when I saw
on one page "Kuan Yin Goddess
of Compassion." I jumped up
and was ecstatic over the find
for now I knew who she was

from that point on she began showing me about my past lives and how in Ques I had once been a priest of hers, etc.

As well I have worked closely with her Male Counterpart the Bodhisattva Samatabhadra.

Enclosed you will find a copy of the picture of her son, by who else but Leonardo da Vinci,

Will close for now, could really go on for a book but I really haven't the time. I thought you might enjoy some personal material from my side.

I am reviewing everything
you have sent & will write you
as soon as some material
starts coming through.
